PROFESSIONAL EXPERIENCES

Senior Resident Engineer

(Apr 2008 to Till Date)

Al Ajmi Engineering Consultants (Consultancy)

Dubai, U.A.E.

AEC is a national UAE firm founded in 1987. With over 30 years of design experience and over 25 Million sq.f of construction projects, the firm has served a broad range of clients and established a solid reputation with its dedicated principals, creative designers, skilled engineers, effective project management and accurate contract documents. As a team we believe that the key ingredient to our successful business practice is rooted in our client services and meeting their milestones.

- I work as a Resident Engineer, and I was reporting to Head of Supervision Department.
- I am managing all construction contract correspondence with the contractors, client and construction manager, as and when required. Carry out inspections, to ensure quality to get approval of the jobs completed.
- Monitor all calculation sheets for structural element aluminum sections, connections, slab shuttering, and cranes supporting.
- Arrange site meeting with client, contractor, sub-contractors, for updating in the project progress.
- Review and manage materials, technical submittals, shop drawings, as-built drawings, samples, mock-up etc. submittals.
- Issue instructions to the contractor for their action to comply with the construction contract time and quality requirements.
- Follow the Client's instructions to modify the works in consultation with the Head Office if involving a change to

the design.

- Liaise with the Head Office designers and Statutory Authorities to resolve site queries.
- Conduct progress/ coordination meetings to expedite the works.
- Prepare the Project progress reports, and Issue to the client and Company Head Office regularly.
- Review and process contractor payments and variation orders; client on contractor claims.
 - Issue substantial and final completion certificates.
- Prepare and follow up snag lists.
- Carry out company administration and human resource procedures for site supervision staff...etc.
- Supervise the site administration; supervise the staff; supervise human resource related jobs (payroll, attendance, motivation, productivity); project recruitments; Inventory requirements; vendor development; and all related jobs while managing the site and its staff, etc.
