EDUCATION

2021-2024

ANNA UNIVERSITY 8.5 CGPA

- B.E.Civil Engineer

Mohamed sathak AJ college of engineering

2018-2021

DOT 79%

- Diploma In Civil Engineering

Mohamed sathak polytechnic college

COURSE COMPLETED

- AutoCAD
- REVIT Architecture
- Quantity Surveying
- Land Surveying

LANGUAGES

- English
- tamil (native)

PROFILE

Recent Civil Engineering graduate with a strong foundation in civil design principles and practical experience through academic projects and internships. Skilled in using AutoCAD, REVIT and other design software to create detailed and accurate project plans. Demonstrates strong analytical and problem-solving abilities, with a keen attention to detail and a passion for sustainable design solutions. Eager to apply academic knowledge and technical skills in a professional setting to contribute effectively to innovative civil engineering projects.

SKILLS

AutoCAD

Proficient in creating detailed 2D and 3D drawings, blueprints, and schematics. Experienced in drafting construction documents, site plans, and architectural details. Adept at using AutoCAD for accurate design modifications and revisions.

REVIT

Skilled in Building Information Modeling (BIM) with Revit for creating and managing 3D architectural models. Experienced in developing detailed design drawings, schedules, and renderings. Knowledgeable in coordinating with multidisciplinary teams using Revit's collaborative tools.

Quantity Surveying

- Cost Estimation
- Measurement and Quantification
- Bill of Materials

PROJECT

Project 1: SYSTEMATIC STUDY OF CARWASH WASTE WATER TREATMENT USING AUTOCAD (B.E-Final year project)

Project 2: PLANNING AND DESIGNING AND ANALYSING OF SHOPPING MALL USING AUTOCAD (B.E-Mini project)

Project 3: FLOODING HOUSE (B.E. expo project)

Project 4: DESIGN WATER TANK (Diploma final project)
