Abdelkarim1 Hamed's CV

About Me

As a software engineer with 4+ years of professional experience and a bachelor's degree in communication engineering, I have a strong foundation in front-end and back-end development. I have expertise in multiple frameworks, including Laravel, WordPress, Django, React JS, and OpenCart, and have a proven track record of delivering high-quality projects on time. I am passionate about staying current with the latest technologies and best practices in software engineering, and consistently seek out opportunities to learn and grow in my field.
